Your policy is designed to provide assistance in the event of home emergencies which affect the safety and security of your property, make it unfit to live in (uninhabitable), or cause a risk to the physical health and/or safety of you or your family. It's not designed to replace your Buildings and Contents insurance and won't provide assistance for normal day-to-day home maintenance.

An emergency is defined in the 'Keywords and terms' section, and the cover that you have is detailed in the 'Your cover' section.

## 1.a Keywords and terms

Below are the meanings of certain words when they're used in this policy wording or your schedule.

**Authorised contractor:** A tradesperson authorised by us to assess your claim and carry out repairs in your home under this policy and acting on our behalf.

**Beyond economical repair:** As assessed by our authorised contractor, a boiler/heating and hot water system for which the total cost of parts required to repair (including VAT) would be higher than 85% of the manufacturer's current retail price for either:

- The same or equivalent model of your boiler if bought brand new; or if not available
- A new boiler of same or similar make, model and output (power).

For this calculation, the average current retail price of parts required to complete the repair is based on the cost to get such parts through our specialised UK suppliers.

We'll also consider your boiler to be beyond economical repair if the parts needed to repair are no longer available.

**Emergency:** A sudden event that wasn't expected by you or your family affecting your home, and which needs immediate action to either:

- Make your home safe, secure and/or fit to live in;
- Prevent any risk to your or your family's physical health; or
- Avoid new or more damage to your home and/or belongings.

**Emergency repairs:** The assistance required to stop the immediate emergency from escalating and causing further damage, making your home unsafe to live in or causing a risk to you or your family's physical health and safety.

This will be either:

- Providing a temporary repair to stop the immediate emergency and make your home safe to live in again for you and your family, which you'll need to replace with a permanent repair at your cost when possible, or
- If possible, at the same time and cost, or where not possible to provide a temporary repair only given the circumstances of your emergency, the provision of a permanent repair, such as replacing a section of pipe for a plumbing emergency.

**Excess:** A fixed fee payable each time you request assistance under the policy. Your excess amount is listed on your policy schedule.

**Home:** The private house or flat shown as your address on the policy schedule, including any integral (built-in) garages and conservatories attached to the main building which are solely used for domestic purposes and located in the United Kingdom. There's no cover for detached garages, sheds, greenhouses or other outbuildings not attached to the main building, or any issues in the land located within the boundary of your property (such as a garden or driveway).

**Permanent repair:** Repairs and/or work required to put right the fault which caused the emergency on a permanent basis.

**Reimbursement:** We'll refund your contractor up to your level of cover including VAT less any excess payable, as shown on your schedule. This is applicable with our prior agreement in certain circumstances where we may find it difficult to deploy an authorised contractor to attend your home or deal with your emergency within a reasonable timescale such as excessive demand; bad weather; industrial action; parts availability or availability of a specialist. Also, this could occur in the event of a claim for temporary accommodation after an emergency, after you arrange and pay for this yourself.

**Reinstating:** Following an emergency, returning your home to the state it was in previously before it occurred, such as changing a damaged carpet. If we're required to break down part of your home (such as a wall, ceiling or floor) to trace and access the source of the emergency, reinstatement would include conducting and paying for repairs to such damage, for example rebuilding part of a ceiling or floor.

**Temporary repair:** Repairs or work immediately required to stop further damage being caused by the emergency and ensure you can use your home. These may not be long-term so you'll need to replace this with a permanent repair when possible, at your own expense.

**Trace and access:** Identifying and locating the source of the emergency in your property (also known as "tracing") and subsequently gaining the necessary access to the source, to perform the emergency assistance (also known as "accessing").

For example, a water leak from your ceiling may come from pipes above the ceiling itself; in this case, it's necessary to break down part of the ceiling to trace the leak and access it to isolate or repair the leaking pipe.

#### **Give approval for you to arrange your own contractor to resolve your home emergency**

We'll grant approval up to your level of cover, including VAT, less any excess payable, as shown on your schedule. This requires prior agreement in certain circumstances where we may find it difficult to send you an authorised contractor to attend your home or deal with your emergency within a reasonable timescale such as excessive demand; bad weather; parts availability or availability of a specialist. We'll need to see a fully itemised invoice or receipt from your own contractor. If a new boiler or heating system is installed, you'll also need to provide the make, model, serial number and Gas Council number.

#### **Leave your home safe and habitable**

We'll fix your emergency but we won't be responsible for reinstating your home to its original condition.

#### **Manage your claim**

Along with our authorised contractors, we'll keep you updated on progress throughout your claim journey.

#### **Pay a contribution to the cost of temporary accommodation (including your pets)**

We'll pay up to the amount specified in the schedule, including VAT, if your home becomes uninhabitable and remains so due to your emergency. This includes cover for your pets, and transport. It will be local to your home and paid as a refund to you when you provide a fully itemised invoice and receipt.

#### **Pay your claim**

We'll pay up to the amount specified in the schedule, including VAT, call out, labour, parts and materials to carry out an emergency repair. If it costs more than this amount, we'll require you to contribute the difference. If we approve for you to arrange your own repair, the amount we pay would be reduced by costs already reasonably incurred by our authorised contractor for the initial visit.

## 2. Family legal protection

This section of Your policy applies if You have chosen this cover and this is shown in Your policy schedule. We agree to provide Family Legal Protection insurance in return for payment of the premium and subject to the terms and conditions, exclusions and inclusions set out in this section.

This insurance is managed and provided by Arc Legal Assistance Limited. It is underwritten by AmTrust Europe Limited, on whose behalf We act.

If We accept Your claim, We will appoint an Adviser from Our panel to handle Your case. You are not covered for any other legal representatives' fees unless it is necessary to start court proceedings or a Conflict of Interest arises. Where it is necessary to start court proceedings or a Conflict of Interest arises the most We will pay in Advisers' Costs is no more than the amount We would have paid to a legal representative from Our panel. This amount is currently £100 per hour (the rate may vary from time to time).

This insurance covers Costs as detailed under the separate sections of cover, less any Excess up to the Maximum Amount Payable where:

- a) The Insured Event takes place in the Period of Insurance and within the Territorial Limits and
- b) The Legal Action takes place within the Territorial Limits.

This insurance does not provide cover where something You do or fail to do prejudices Your position or the position of the Insurer in connection with the Legal Action.

## 3.a Keywords and terms

Below are the meanings of certain words when they're used in this policy wording or your schedule.

**Authorised contractor:** A tradesperson authorised by us to assess your claim and carry out repairs in your home under this policy and acting on our behalf.

**Pest emergency:** A sudden and unforeseen infestation of your home caused by pests that, if not dealt with quickly, may:

- Cause risk to your health; or
- Damage to your home; or
- Make the home uninhabitable.

**Home:** The private house or flat shown as your address on the policy schedule, including any integral (built-in) garages and conservatories attached to the main building which are solely used for domestic purposes and located in the United Kingdom. There's no cover for detached garages, sheds, greenhouses or other outbuildings not attached to the main building, or any issues in the land located within the boundary of your property (such as a garden or driveway).

**Pest(s):**

- Wasp nests
- Hornet nests
- Rats
- Mice
- Grey squirrels; or
- Bed bugs

**Reimbursement:** Subject to our prior agreement and on receipt of the authorised contractor's fully itemised invoice, we will pay you a contribution to the extermination which you will arrange yourself. This will be in full and final settlement of your claim.

**Trace and Access:** Where it's difficult to locate the source of the pest emergency in your home and needs specialist equipment or tools to locate it. In addition, it's any work that, in the opinion of our authorised contractor, is more complex than the work covered in the 'Creating access' heading. This could be digging up floors or breaking into walls.

## What we'll do

### In brief

### In more detail

#### Immediate support

When you call we'll be able to help you to protect yourself and your home immediately.

#### Arrange a contractor

We'll arrange for an authorised contractor to get in touch with you to make an appointment to attend to your claim.

If we can't get an authorised contractor to deal with your claim within a reasonable timescale (for example, due to excessive demand or industrial action) you may, with our prior agreement, arrange for your own contractor to fix the problem and we'll refund the cost up to the policy limit, including VAT.

Our authorised contractor may need to create access to locate the source of the pest emergency, such as lifting floorboards, removing bath panels and cosmetic fascias. If you wish for our authorised contractor to create access, they will ask you to sign a disclaimer before they proceed. We won't cover you for the damage after our authorised contractor has created access or cover trace and access.

#### Leave your home safe and habitable

We'll resolve your claim but we won't be responsible for reinstating your home to its original condition.

#### Manage your claim

Along with our authorised contractors, we'll keep you updated on progress throughout your claim journey.

#### Pay your claim
